After get off work, I usually spend my time focusing on my professional skills or enriching my knowledge, such as programing and reading books on technology or history. I used to enjoy writing when I was a student, and there was a time when I took up writing as a part-time job. I would also spend my free time watching movies, writing movie reviews, or appreciating movie plots, because what I like to do most is to experience life and analyze what I see.

The foreign languages I speak include English, Japanese and Spanish. I am good at software engineering design. My usual hobby is to study computer science.

In the second year of college, she won the first place in the Spanish reading competition; in the third year, she won the third place in the women's group of the National Kendo Competition and the third place in the individual group of the National Kendo Competition.

If a message could pass, what would you like to say to the intended parents?

Hello, Intended Parents!

I'm a software engineer with a passion for quiet activities like reading, writing, and learning.

During holidays or in my free time, I enjoy getting outside, soaking up the sun, and staying active.

While I have a generally calm and quiet personality, I am very driven and proactive when it comes to learning and work. I place a strong emphasis on personal growth and development, and I hope to be able to assist you on your journey!
